Thereafter, additional one-hour sessions are available based on need. Treatment requires chronological sequence as follows by topic concentration:

- Hour 1— Aura and Electromagnetic Energy Fields
- Hour 2— Chakra Systems
- Hour 3— Mental Body
- Hour 4— Emotional Body
- Hour 5— Physical Body
- Hour 6— Social Realms
- Hour 7— Spiritual Realms
- Hour 8+ —Personal Realms

Primary Sessions (1-or 2-hours each)

"Diagnostics and Initial Healing Phase"

You will undergo multiple in-depth readings, cleansings, and healings by Ms. Roksandic and Dr. Gerard. First, they work from the outside inwardly on your auric and electromagnetic energy fields. Over the next few hours, your chakra systems, mental, emotional, and physical bodies will be read, cleansed, healed, balanced and aligned.

An added value to the ZeRo Point Technique is the revitalization of your ZeRo Point Essence. At the end of each session, the Practitioners activate this Essence bringing forth a new surge of purity and exhilarating power which radiates from the inside.

It is imperative that a psychological approach to all issues be ascertained. Your treatments mitigate the psychological and physical energy fields which have been restricting you. In this process, your meridians will be opened and it will be easier to clean and heal identified problems. You will have a clearer understanding of root causes of illnesses, be more accountable for self-healing, and set your agenda for recovery. Information revealed will be charted and a motif of your life ascertained.

A Follow-up Treatment Program given you provides detailed instructions of many self-empowerment skills for you to perform.

Secondary Sessions (1-hour each):

"Continued Cleansing and Healing Phase"

As progress continues, your aura fields and chakra energy fields will be reexamined, balanced and your Unified Field of Energy reinforced. The Practitioners will continue with diagnostics for your social, spiritual, and personal realms. Dysfunctional activities will be cleansed and healed, and your Heart Intelligence reactivated. These sessions go deeper into the roots of the issues identified.

Subsequent Sessions "Reinforcement Phase"

Emphasis will be placed on your empowerment. Specific input as to your progress, manifesting your dreams, abundance, stability, further healings, will be presented. You will be given additional education and techniques for self-healings, based on your progress and openness.
