

DNA Certification Programs Overview

(as of 10 June 2006)

General Statement: *It should be noted that OHi considers each of the DNA Activations as a Sacred Ceremony in addition to being excellent healing modalities. Many DNA Activation programs and practitioners have evolved since the Foundation launched the DNA Healing Project with Vianna Stibal in 1997. Please discern and ascertain that whatever healing program you use serves your Highest Good. All effort is now being seriously taken as to the overall intent and dissemination of this material. The creation of the Genetic Grid and, its merger with the Goddess Grid, and sustaining an active Second Wave of Planetary Ascension have become the major focal points of the mission behind the Foundation. The Certification Process serves as a major element to make this happen. Every active Certified Practitioner and Facilitator will be proudly represented and backed by Oughten House and their contact information honorably placed on the Foundation's website.*

Oughten House Foundation, Inc., aka "OHi" Oughten House International, offers two categories of DNA Certification:

1. **DNA Certified Practitioner**
 - Levels 1-2-3 for *Coaching & Hosting* (for Client One-on-One applications and small groups up to 5 people)
2. **DNA Certified Facilitator**
 - Levels 4-5 for Facilitating Courses (for larger group applications, seminars, workshops, courses, and regional training)

DNA Practitioner Certification—for Coaching & Hosting

Primary Program fee: \$300 USD

Level 1:

Activities: Perform 1st & 2nd DNA Activations, small group activations and introductory seminars up to a group size of 5 people.
Prerequisites: Completion and Graduation of Primary DNA Activation Remote Training Program and Internship

Requirements: Instruct DNA Course #3 at least two (2) times within learning period

Learning Period: 9-12 months

Training fees: \$300 (3.5 day intensive)

Professional and Geographical Considerations

Please be advised that OHi desires to recruit practitioners already established in the healthcare, alternative and holistic health care, medical and psychotherapeutic sectors. However, we remain open to work with all candidates whose mission and expertise align with Oughten House. We desire to have an effective National and International Team.

Our plan creates the concept of the "Team Approach" that serves to keep a higher standard of control of information and management of Practitioners and Facilitators, reduce competitive interference, and increase the profitability of the Certified Practitioner and Facilitator.

It is expected that the potential candidate for DNA Certification has experienced the First through Fourth DNA Activation and has already or will immediately become familiar with the DNA Activation Seminars and/or Kits. The candidate selection process will be on a "first come, first enroll" basis.

Candidates and Practitioners within English speaking countries will initially work directly with Dr. Gerard. Otherwise, a Regional Coordinator within each foreign language speaking country will be assigned.

DNA Practitioner Certification Levels 1-2-3 for Coaching & Hosting Program

The purpose of the DNA Certified Practitioner Level One (1) Coach:

1. To work with clients on a One-to-One basis: to assist clients to properly perform their FIRST and SECOND DNA Activations and apply other specialized healing competencies
2. To offer DNA information and/or DNA Activation "Information & Introductory" Seminars for individuals and small gatherings up to five (5) people maximum. It's the role of the *Certified DNA Facilitator* to perform larger groups and facilitate courses and workshops sponsored by the Foundation
3. To generate additional income from product sales and services
4. To expand client's interest in the DNA Activation Program as a representative of the Foundation

Upon Level 1 Certification, the Practitioner enjoys the caring atmosphere of coaching their client throughout the DNA Activation process and other competent healing modalities. It is highly suggested that a professional fee of at least \$40 and a maximum of \$95 USD per hour be charged for this service. In addition to generating substantial revenue from product sales, the practitioner can serve as a coordinator to disseminate information to new or existing clientele, help anchor the *Genetic Grid*, foster Planetary Ascension, and receive recognition and leads from the Foundation's website.

Level One (1) Remote/Online –Practitioner Training

The *Remote/Online Training Process* for Level One (1) intends to make the certification process inexpensive, by reducing the need for travel and lodging, provide more comprehensive practitioner training, and avail the potential for quicker financial rewards.

Candidates must have been accepted into the Program and paid in full, attended all the prerequisites, have their own reading copy of the latest *Change Your DNA, Change Your Life* (DNA Book), read required material in preparation for remote participation and examinations. All remote education, written and remote correspondence, and online coaching will initially be done directly with and/or under the guidance of Dr. Gerard for English speaking countries on a scheduled basis, or with a Regional Coordinator for foreign languages.

The *remote self-paced leaning* should take less than 90 hours of concentrated study and correspondence, excluding time for your internship. The Primary Program Fee \$300.00 USD includes all Level (1) Training.

Levels 2-3 Training repeats the format of Level 1 Training and covers the 3rd and subsequent DNA Activations.

Practitioner Training (OnSite-Campus, Optional Approach)

Occasionally within the States, a four and one half (4-1/2) day course will be held at a designated location to provide the required practitioner certification training. This is an intensive course. Candidates will receive and study the same materials as in the Remote/Online Program prior to attending this classroom hands-on course. An additional Training Fee applies.

Internship

Upon successful completion of all remote or classroom education, candidates shall perform at least fifteen (15) First DNA and fifteen (15) Second DNA Activations, and at least one (1) "Introductory Seminar" with a maximum group size of (5) participants. The candidate will provide client documentation to the Foundation and/or Regional Coordinator for verification of candidate competencies acquired in the field, and the ability to professionally interact with their clientele. Interns need to submit client documentation as per guidelines within three (3) days subsequent to completing required activity. No Program fees apply.

Re-Certification: DNA Practitioner –Levels 1-2-3

Annual Fee \$50.00 USD and attendance in any new required class or *self-paced course* program are necessary.

DNA Facilitator Certification Program—Levels 4 & 5

This is for Certified DNA Practitioners who desire to advance and work with a larger public audience, to teach and facilitate First, Second, Third, Fourth and future *DNA Activations Seminars, and designated DNA related DNA and Self-Empowerment Workshops and Courses*. Graduates with this certification can generate substantial revenues.

Only candidates who have successfully fulfilled and demonstrate good competencies as a DNA Certified Practitioner Levels 1-2-3 can be accepted into this level. Candidates must have had some previous presentation, facilitation, and/or platform experience. In addition, candidates must successfully complete all prerequisites, read required material, demonstrate their good presentation skills, and pass examinations.

There are two Learning Level Training Programs for facilitators.

Successful graduates of Level 4 have the opportunity to facilitate DNA Course #1 and DNA Course #2. The course contents of DNA Course #1 & 2 are detailed and broad in scope. Both courses provide the client an intensive interaction and validation of course's learning objectives. Facilitators must be prepared to deal with clientele in a quasi-therapeutic environment.

Successful graduates of Level 5 will have the expanded opportunity to facilitate DNA Course #3 (Self-Empowerment Healing Techniques), which is a 3-day client intensive workshop that deals with Reading and Healing modalities. This requires a very reflective and intensive training. Candidates must be prepared to deal with clientele in a quasi-therapeutic environment.

DNA Facilitator Training— Level 4

The On-campus intensive course is designed for those who have little or no applicable presentation skills. Candidates will be coached to present seminars and facilitate.

The course concentrates on presenting materials in the OHi's primary workshops and DNA Courses # 1 & 2, including performing group 1st, 2nd, 3rd, & 4th DNA Activations, their methodology and application. It focuses on client relations, ethics, and professionalism. Participants will further develop basic training and presentation skills required to perform DNA Activation Seminars and future DNA Course #1 & 2.

This course is not geared to serve as a remedial class for any healing information. It will be professionally facilitated by a Senior Consultant Team experienced in the field of training, presentation skills, and the healing process. Participants will be required to know, in detail, the subject matter of the Seminars and Workshops covered. As a result of this class, participants will have acquired basic competencies in presentation, platform, and professional coaching and healing skills.

Upon satisfactory completion of this class, an exit interview by the Senior Instructor and the processing of required business agreements with the Foundation will be accomplished. Graduates can then teach DNA related seminars, workshops, and DNA Courses #1 & 2.

DNA Facilitator Training – Level 5 (“On-Campus Course”)

This second on-campus intensive course is designed for those who have substantial presentation skills. Candidates will be coached to present seminars and facilitate.

Participants will be required to know, in detail, the subject matter of the Seminars, Workshops, and DNA Course #3 that will be covered. As a result of this class, participants will have acquired advanced competencies in presentation, platform, and professional coaching and healing skills.

Upon satisfactory completion of this class, an exit interview by the Senior Instructor and business agreement processing with the Foundation will be accomplished. Graduates can then teach DNA related seminars, workshops, and courses.

The Level 5 Practitioner Training duration lasts four and one half (4-1/2) days with 1 evening session. It can be held, occasionally at a designated location to provide the required senior level practitioner certification training. Candidates must pre-register and prepare study materials of courses designated above prior to attending this course. The Facilitator Training Course Program Fee is \$300.00 and includes all training materials.

Re-Certification—Facilitator—Levels 4&5

Annual Fee \$95.00 and attendance in any new required class or *self-paced course* program are required. The Facilitator fee also includes the regular DNA Practitioner fee.

Enrollment Procedure

All related information and forms are available on the website and are printable. Interested individual without access to the Internet should contact OHi and request a Remote/Online *Pre-Certification Registration Packet*. The Remote/Online Program obviously requires the candidate's access to a computer.

The potential candidate should have a good understanding of the DNA Activation process and DNA Healing Project. Be advised that certification requires a legal bond with the Foundation and Agreements related to sales, marketing, training, and business affiliation must be signed.

A \$25.00 non-refundable application enrollment fee for Level ONE to cover administrative costs. Complete details, registration forms, financial models, and charts are provided to assist you with your decision to become a Certified Practitioner and/or Facilitator, and a business affiliate.

Program and Training fees vary for each level and are non-refundable after 15 days from receipt of the training materials. Every effort to minimize expenses while delivering excellent competency skills are our objective. We realize that there are hundreds of millions people out there that need to become acquainted with this information. There's plenty of room, growth, and opportunity to serve.
