- most aspects of self-mastery.

Once you know you are on the path to enlightenment, as spoken by Jesus, and committed to do God's work, then it's time to move into the community that truly awaits you.

## God, Jesus, & the Genetic Grid

New information has been channeled to Dr. Gerard. This information finds its roots in ancient Egypt, passed on to the Essenes, and must be continued. The grand design of Oughten House Foundation is the "Genetic Grid", a web of DNA Activated and committed loving people who *embrace the Light*. They are linking worldwide "breathing" and communicating harmoniously together, forming study groups, clusters and regional centers. The Foundation desires to cosponsor their effort. Through this "genetic grid" will flow educational programs providing authors tours and seminars, workshops, individual and group information, and feedback.

The "Breath" of the Foundation lies within each "activated" member. As members spread the word within their communities, the Divine Plan unfolds. The Foundation offers to do its best to support this endeavor.

*Welcome to the new...*

## Networkers' Program, Hosts & Volunteers

Devoted people throughout the world are helping spread the word. Networking is a priority. The Foundation encourages members to network the Foundation's mission, publications and services within in their community. They serve as major hubs to host meetings, workshops, and conventions sponsored by the Foundation. The Foundation has "Friends" throughout USA, Canada, Central and South America, Japan, Europe, Russia, and the South Pacific.

As the Foundation expands, many of you can serve as coordinators, hosts, and facilitators. Our intent is to recruit trainers and workshop leaders. The Foundation will do its best to cultivate and compensate hosts and networkers as best as possible.

Volunteers are always welcome, whether serving Dr. Gerard directly, or as GRANT WRITERS. Expansion is inevitable and acquiring additional staff, educational coordinators, marketing assistants, trainers in communications and spiritual development, spiritual counselors, administrators and organizers, leads us to you. So let us know how you can help.

*"It's our destiny to fly. Not just the fortunate few, but every one of us has been born to soar. And until we do, we can find no lasting peace anywhere. ... the river of life struggles through all obstacles and conditions to reach the vast and infinite ocean of existence who is God. ... It knows no rest, no freedom, and no peace until it mingles with the waters of immortality and delights in the visions of infinity."*
